u2665u2665u2665u2665ing amazing game, and it really shows since it was given an anime LUL simple pixel art but its cute in a creepy way, the story is really good, both main characters are really well done too, they're character development is so well done and so cute! actual kreygasm. Just as what you'd expect if you seen the anime.. It was a very nice game. I hated Zack at first but he got better as time went by. It wasn't the best game I've ever played, but it was still fun.. Please.. This game is weird and pretty messed up. It's amazing how attached you get to the two main characters throughout the game.. good game lovely story. I'm really really in love with this game, haven't seen anime adaptation yet but i'm sure its also goodie. I strongly recommend everyone to buy and play this game. All of the characters are interesting, especially Zack
