About This Software

Easy editing. Precision controls. Unlimited Possibilities.

PowerDirector delivers professional-grade video editing and production for creators of all levels. Whether you're editing in 360°, Ultra HD 4K or even the latest online media formats, PowerDirector remains the definite video editing solution for anyone, whether they are beginners or professionals.

Express Video Creation

With Express Projects you can pick from a huge range of ready-made templates complete with effects, transitions, animations and music. From there it's simply a matter of adding your clips to the timeline and clicking 'Produce'!

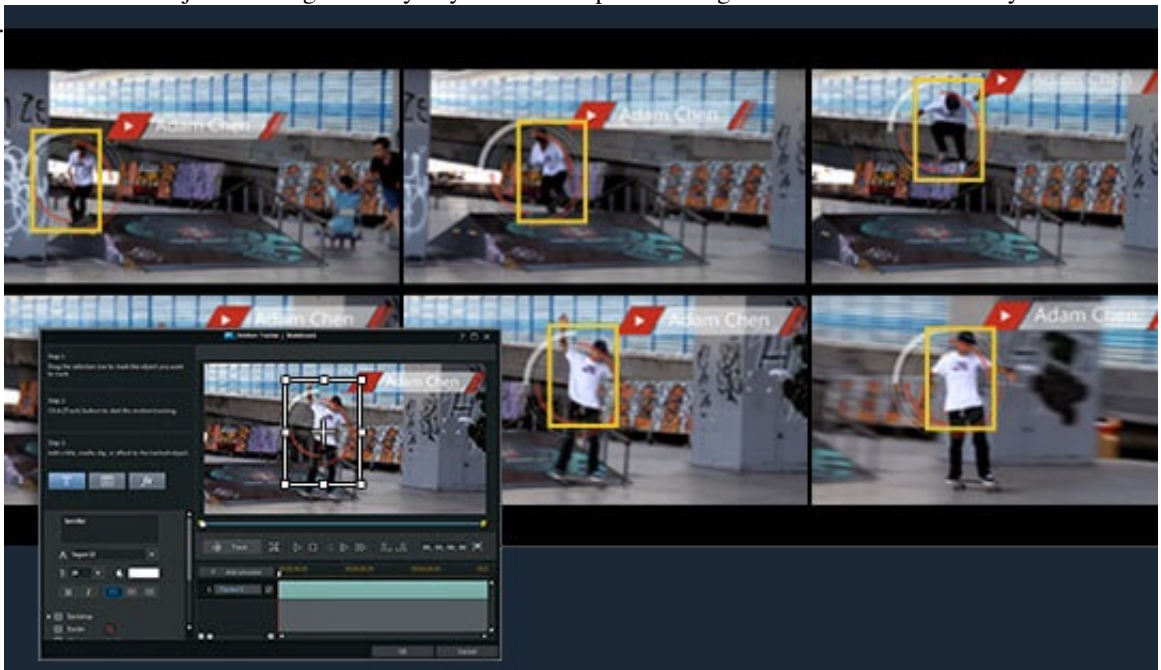

Multi-key Sampling Chroma Key Editing *NEW*

Now you can perform Hollywood-style green screen editing thanks to an improved chroma key engine and multi-key color sampling.

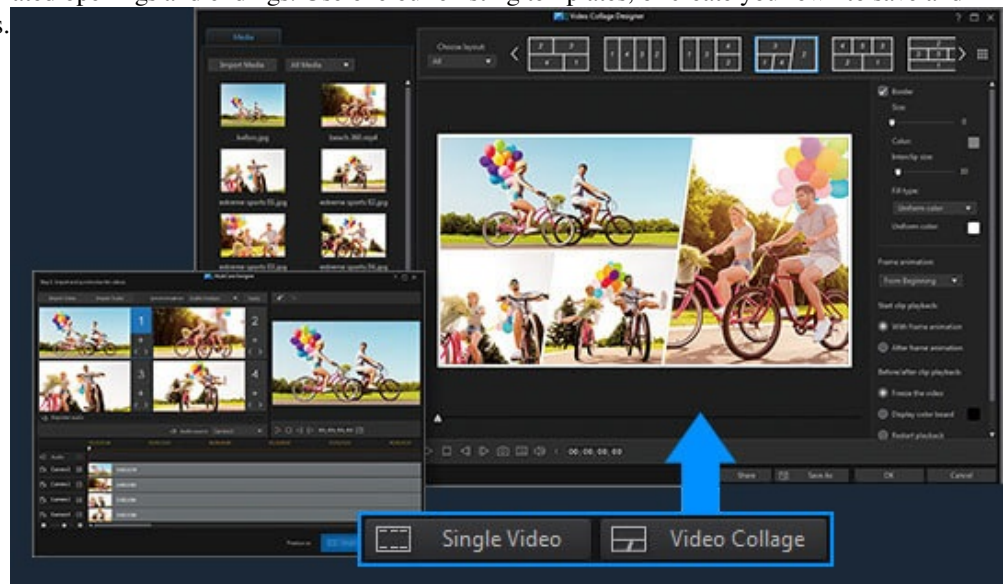

Frame-by-frame Motion Tracking *NEW*

Ensure 100% accurate object tracking accuracy in your video clips with the granular control of frame-by-frame motion tracking.

Integrated Video Collages & MultiCam Editing *NEW*

The intuitive MultiCam Designer allows you to synchronize and switch between footage shot from different cameras. Choose to produce a single video, or use Video Collage Designer to create a stunning, totally customizable collage complete with animated openings and endings. Use one of our existing templates, or create your own to save and reuse on different projects.

Video Pre-cut *NEW*

Pre-cut long clips into short, reusable segments that you can use repeatedly throughout multiple projects.

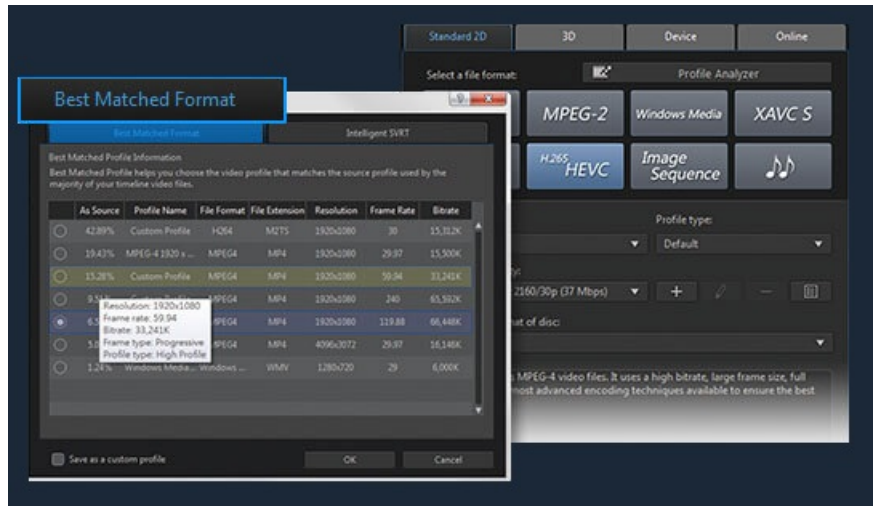

Nested Video Editing *NEW*

Add and edit multiple projects in the same video project for more efficient editing and effortless creativity.

Best Matched Profile *NEW*

Best Matched Profile helps you select the video profile that best suits your video based on the source clips. It makes producing high-quality videos a breeze.

Faster Rendering & Production *Enhanced*

PowerDirector has held the title of world's fastest video editing software for several versions. Powered by the 64-bit TrueVelocity engine and with the support of OpenCL, multi-GPGPU acceleration and latest hardware acceleration technology, PowerDirector provides unparalleled performance in HD and 4K video rendering.
